Latest News From MDL Manufacturing

April 2010

MDL Manufacturing Industries, Inc. Offers You Award-Winning Service Since 1989

Web Site Makeover

MDL has launched its newly designed web site. The web site has many new features such as our On-Time Delivery (OTD) Broadcast, current news and events, latest equipment, capabilities, feedback, projects and much more. Take a look at our new site: <http://www.mdlmanufacturing.com/index.html>

It's All About Being SHARP

It's great to look sharp but MDL wants to be SHARP. Therefore, MDL has taken steps towards participating in the Safety and Health Achievement Recognition Program (SHARP).

What is SHARP? The SHARP program recognizes small employers who operate an exemplary safety and health management system. Acceptance into SHARP by OSHA is an achievement of status that will single businesses out among its business peers as a model for work site safety and health. Upon receiving SHARP recognition, a work site is exempt from programmed inspections during the period that the SHARP certification is valid.

MDL anticipates receiving its SHARP certification by summer 2010.

Building Comfort for Youth Baseball Players

Doug Lingsch and four other hard working men spent a recent Saturday building the much needed dugouts for our young baseball players at Snake Spring Community Park. The material was donated by several local companies and the crew volunteered their time. Even the youngest of kids lent a hand!

The building of the two dugouts will take several weekends and evenings. The goal is to have them complete by May 30. If you would like to donate your time or donate materials, please contact our office at 814-623-0888.

Meet Dayna

Dayna Wambaugh started at MDL in November 2006 and is one of MDL's administrative assets since she set foot in the door. Hired to as a receptionist, she easily assisted all administrative departments with her outstanding skills. Her organization skills shifted her into her current position of Purchaser. Her diligence to obtain the materials and hardware for the best price and delivery allows MDL to offer our customers the best price. She also rates vendors as part of our ISO requirements and checks all material certifications.
