

The Latest News From MDL Manufacturing

Troops First Benefit Golf Outing

Earlier this month Eric Logue and Tyler Miller attended the Troops First Benefit Golf outing which was hosted by NCDMM (National Center for Defense Manufacturing and Machining). A big thanks goes to H&W Global for teaming up with us for the day. It

was great meeting more people in the NCDMM Network!

The Troops First Foundation was established in August of 2008 and is focused on creating several programs and events designated for Wounded Warriors and their families that address relationship building, mentoring, reintegration, and looking forward. Some of these events and programs are the Leroy Petry Village of Honor, Operation Proper Exit, and Operation Warrior Call. To find out more about each of these initiatives, visit the Troops First Foundation website, www.troopsfirstfoundation.org.

MFG Day Plans Are In Motion!

This month we held a meeting to go over the plans for this year's Manufacturing Day. Like previous years, we will be focusing on the students in the surrounding school districts. The event will take place on October 7, 2016. More information will be sent to schools and companies in the coming weeks. We are excited to have another successful MFG Day here in Bedford!

Happy Memorial Day from MDL!

MDL would like to wish everyone a safe and happy Memorial Day Weekend! May we never forget those who sacrificed their lives so that we may live free.

Certifications

ITAR

Save the Date!

MFG Day is October 7, 2016!
We are looking forward to this year's event!

Safety at MDL

MDL has gone 275 days without a lost-time injury as of May 27, 2016.
This is thanks to all of our employees taking the correct measures in making sure they have a safe working environment.
