

The Latest News From MDL Manufacturing

Service, Precision, & Innovation

Here at MDL we are dedicated to providing excellent customer service, precision manufacturing, and innovative processes to get the job done, and get it done right. Over the past few years we have made huge increases in our quality and on time delivery and that is thanks to the hard work and dedication of our skilled employees.

Our Quality and Environmental Policy reflects that dedication: "We will consistently meet or exceed all Statutory, Regulatory, and Customer requirements and expectations through employee innovation and excellence, while continually reducing our footprint on the environment."

As a result, we have achieved various certifications including ISO 9001 and ISO 14001. These are both industry standards in quality and environmental management systems. Visit our website to find out how we manage these processes.

New MDL Website!

Our website is about to receive a major update! We are expecting to have the new website live in August. We are hoping it will make it easier for our customers to find out more about us, what we do, and how we can best serve them. Be sure to check it out at www.mdlmanufacturing.com!

Save the Date!

MFG Day is October 7, 2016!
We are looking forward to
this year's event!

Safety at MDL

MDL has gone 333 days
without a lost-time injury as
of July 25, 2016.

This is thanks to all of our
employees taking the correct
measures in making sure
they have a safe working
environment.
